MY WORLD BEST FRIEND

A scam romance in acht Lektionen mit
Margarete Schneider aka Aria Giovanni
Auf Deutsch und Englisch

Es folgt ein Protokoll einer virtuellen Konversation, die von einer kalifornischen Modelfrau, die seit mehr als zwanzig Jahren im erotischen Showbusiness reüssiert und nebenbei mit SCAMS Zusatzverdienst erzielt. Ja, ich bin ihrem Lockruf verfallen: Sie hat mich im Facebook als Margarete Schneider angesprochen und wir führten diese Annäherung fast eine Woche lang. Ich gebe zu, ich habe mich emotionell voll hineingesteigert, weil ich nach zehn Jahren von meiner Partnerin verlassen worden war und in meiner Einsamkeit nach einer weiblichen Zuneigung durstig war, sei es bloss einer virtuellen Natur. Margarete Schneider...

Hallo, hallo, Ich hoffe, ich störe deine Privatsphäre nicht

Bereits diese retrospective Anhäufung der "likes" sollte meinen Verdacht wecken, genauso wie die Gestaltung des Profils: die zwei Elemente liessen sich nicht einzeln öffnen. 1. LEKTION

Well I've no idea what are your motives, you must like my pics I guess. So follow my posts and enjoy, bye. What are your activities?

I don't understand, what activities are you talking about?

Education, work, hobbies, your way of life...

I am a US soldier currently serving in Sana'a, Yemen. I am on a peacekeeping and covert mission relief mission because I will be retiring soon to take care of my son.

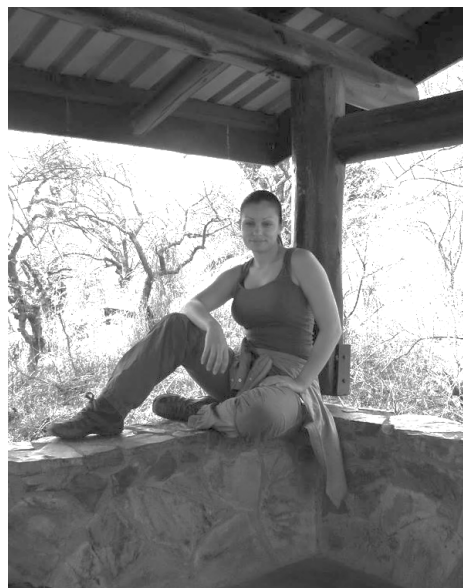

That's quite impressive. I just looked at your profile and didn't see any posts nor any friends...

2. LEKTION: KEINE BEITRÄGE (POSTS), KEINE FREUNDE

Good morning. how was the night?

How was yours? I'm just getting up. Have a good day

I thank the lord for a beautiful day like to day I don't always have access to my Facebook here, for security reasons my account can be disabled when there is security threat, and I will not be happy to lost contact with you.

I don't often come online on Facebook i use gmail or google hangout to communicate with my son so if you don't mind can we use it?

13thbattalions39b.4gw@gmail.com

Dies ist meine militärische E-Mail, die wir hier verwenden dürfen, Sie können mich im Moment anschreiben

Where does your German come from,
Margarete?

Ich bin in den Vereinigten Staaten geboren und aufgewachsen. Ich bin halb Deutscher und halb Amerikaner. Ich lebe im Bundesstaat Tacoma, Washington. mein vater kommt aus berlin ich war vor vielen jahren das erste mal in deutschland ich war auch vor vier jahren dort, nachdem mein mann gestorben war aber mir hat der besuch nicht gefallen.

And what language do you prefer to communicate with me? Regards

English

i have sent you message on your email. you can now chat me google chat now ok

Did you get the chat on the google chat? Went off 8' ago...

Good Morning Margarete. Please, no emojis, GIFs or memes...

hello dear you are welcome

How has been your day, and how are you doing this moment

I'm fine. Just came back from the town where the carnival is going on. How are you Margarete? Are you on duty over the weekend as well? I would like to ask you all the question that kind of got lost while switching to the Google chat here. What is our time difference? Two hours? I'll be off for now. Until later, yours

Shall we try to have a talk? I've no idea how to start - please try to "call me", I should hear it somehow ringing, right? Just voice, if the camera is on - warning, you'll be talking to a man about 40 years older than you you're...

This is how it looks like

Yes i will really like talking but i don't think that will be possible

Why did you ask? Did you wish to talk instead of writing? Let me know, please

I know US a little bit I did two documentaries there: Somehow when I look at your face, I've the impression you might have some native blood in your veins. My American wife was in parts Irish, Cherokee, Russian and Jewish. She died at the age of 49.

My US related doc movies are on my web site: <https://galerie9.com/index.html>

Are you an avid reader? Are you a bookworm? I have a son, he would be 14 years old by November. I am a widow, my husband died 5 years ago and since then I have been alone with my son. I live in Tacoma, Washington State.

South of Seattle. So what do your friends call you? I'm divorced since 2010 and the kids are "flüge". One is living in Zürich, one nearby.

Margarete, do friends call you Maggie?

For today, I'll say good nite, sweet dreams, your fan in Solothurn:

<https://galerie9.com/photographs-ch-bw-cz/my-11-years-in-solothurn-in/slideshow-solothurn-in-11-x.html>

Which city do you live in?

**3. LEKTION – IN SOLOTHURN DOCH,
GERADE MITGETEILT (sic)...**

Well, Margarete, I'm curious what about we're to chat. Tell me about your son, how old is he? Where does he live. My kids are to become 28 soon, but I'm no daddy yet (and probably won't be).

You are very feminine woman, a type I've always admired. When I was hitch-hiking from San Francisco to Vancouver Island (and back). There I met many women similar to you, living a simple life. I've written a book about life coincidences and few of them happen in the US. Should you like to read books, I would order it for you.

https://www.amazon.com/Rien-Ne-Va-Plus-Coincidences/dp/1943103062/ref=sr_1_3?s=books&ie=UTF8&qid=1495624707&sr=1-3&keywords=bestsellers

i really want to see your face, but we are not allowed for unauthorized call, I promise to make out time and call you so that we can see our faces

Well, if we can talk "faceless" that would be fine also. You must know my face already from the Facebook or from web site. Your face I've already burned into my memory.

alright, i will try and make out time to call you whenever i get to secret place, i promise you that my dear

For me you're just woman I admire, dream like. I think that if i would be in my prime age "we might steal horses together" - sweet illusions, a sweet dream which last already as such. Allow me to send you "love and knishes". And let me know if you were able to watch some of my American films. Take good care, sleep well, have a nice Sunday. Till tomorrow

Good morning my dear how was your night?

Hi Margarete, not much of a rest, the carnival is still going on... So half sleeping, half

being awake I was thinking about us and the more it went on, the more absurd it seemed to me. I do cherish our exchange but it's dreamlike, delusionary, it's a space of dreams in a cloud of impossibility, yet limitless in my imagination.

Margarete, you've promised me a letter. I'm looking so much toward your words... And tell me please, what do you feel/think about my thought as of today, 10:14 AM.

I don't understand

4. LEKTION – WERDEN MEINE TEXTE ÜBERHAUPT GELESEN?

I hope to be sent back home with the next batch of soldier that would be release from Yemen in 2 months from now. My work is too dangerous, I am all my son have, so I would start my early retirement immediately I am back home

You will stay on my mind every second, don't worry, my fingers crossed for you that the two months will fly by. The retirement, how far does it get you? In other words, what's your age? In six days I'll be 74... Hope to be kicking and alive for a few more days. You might be my very last flame, though only imaginary, virtual. But nor less strong

Alright my dear friend, I can't really wait to wish you a happy birthday, I am 43 years old and I hope to be sent back home with the next batch of soldier that would be release from Yemen in 2 months from now. My work is too dangerous, I am all my son have, so I would start my early retirement immediately I am back home

5. LEKTION – HAT SIE MIR DOCH SCHON MITGETEILT

The carnival is getting on my nerves because it's going through the night also but then I take a cover... You know, i would love to embrace, hold you in my arms, just to hold you and pass on to you some of my strength so that

you get back well and start some really good life
full of respect and love.

i really understand your feelings ok
I am a very conservative woman, I find happiness
doing the simple things of life, and I am a bit old
fashion too. My thinking towards life and
relationship is quite different from current morals
in the world

well, this is what I do sense from your
picture and the way how you communicate. And
that's why I've asked you for a closer portrait of
yours, to see your eyes. You've become very dear
to me and even when we never meet in person,
you've become part of my life

I am also an independent woman, though my
work is quite dangerous but I have set good
plans after I retire when I am back home
I feel these days, the world has lost most of its
morals on relationship, family societal behavior
and more. I for once feel these days, people easily
give up on the things and one they love when
there are challenges or misunderstanding

so right you're. I've the same impressions
and one is not to lose any illusions. But you're too
young. Be tough and stand for your values and
try to pass them on.

Thanks to me this is why family and relationship
keep getting ruined and divorces and separation
keep increasing

sorry, but I cannot as to ask you how
you've lost your husband, if your family is fine.
My parents are both dead, there are no relatives
and it's rather hard on our kids, here Switzer-
land.

I must confess it feels good to have someone to
confide in, I only use to confide in my late
husband this way

I have always wanted a big family but life was not fair to me

I feel honoured by your confidence. By the way, I sent you a picture from 1968 with the Russian tanks on, the moment when I emigrated.

I hope in this life time, we would always be friends, and confide in each other whenever either of us need someone to talk to

What are your interests and hobbies?

Well, all my stuff is on my web site or in Facebook. Novels, Stories, Photographs. Do you have an address I might send my book "Rien ne va plus"? And sure, you'll have my ear (and heart) open for you. I've this crazy idea: if your batch goes back to US, are there possibilities to make a stop-over in Europe? I would love to see you in person be it just for an hour. I would cover all the cost, of course.

Did you get this pic? The young pair there, that might be me and my girlfriend Lucie. Afterwards, for 20 years I could not go home

that sounds very sad, all my plans have already been for me to leave this war zone and live a better life again like a normal human being

Good morning to you Margarete, yes, my world best friend as well. You've opened your heart in a way which takes my breath away - I do

appreciate it so much. Later on I'll put down a recapitulation of all my questions you, my dear one, didn't answer yet... PS Are you allowed to visit web sites like the one of mine?

Not really but i will do it because of you dear, i m really happy that i find someone like you in my life

No matter how hard I try to fall asleep, it seems impossible because my mind is busy thinking about you. Whenever the thoughts of you settle on my mind, my heart melts. Since the day I met you, my life, which was once apart, fell into place. For the first time, things seem to be going my way. Are you there dear

OK, on step in, one step out...

I really want to talk to you before i go out this morning

what do you mean by talk? I'm still in pyjama, unshaved, etc. ...

I mean to communicate with you

OK, I'll get other cup of coffee, a minute...

Love is like trust, when you find your special someone it is as if you're trusting them with your heart. Trust is what you put in someone's hands. Faith is what you hold on to.

6. LEKTION – HAT SIE SCHON MAL GESCHRIEBEN (WORT FÜR WORT GENAU)

My son Kevin

A beauty with a seducing smile,
compliment. How tall are you? I'm about 6+.

I am 168 cm tall and I weigh between 63 and 67
kg

Please check your e-mail > there is a
questionnaire for my darling...

Please, do excuse me that I didn't mention
the losses in your family. The killings in the US
are incredible. Stay tough. Much love, much,
much. You've a place in my heart.

Thank you for your condolence, you are a nice
man.

My dear you can call me Marge, i don't really like
it but i will because you are so special to me -
what is your height?

**7. LEKTION – HABEN WIR DOCH
GEKLÄRT...**

I will really love to read those books with you so
that i can be as well asking you some sweet
question on it dear
my dear good night and have a comfortable night
rest. I LOVE MY DARLING, sweet dreams
dear

Good morning to you my special one, how was
your night hope it went well, my love you are
welcome to another wonderful day, more

blessings to you my love and more strength in
your days, I LOVE YOU SO MUCH

Good Morning Margarete! Thank you for
your overwhelming welcome to the new day aka
neuer Tag.

Now I will have my two cups of coffee,
then some bodily exercise to keep my bones in
motion, followed by a walk through the Old
Town to get a one hour long full body massage
(once a week). One more hug and - coffee. bye,
love. Margarete in Czech is Marketa.
You are welcome my love, more love to you
darling What is your priority?

To stay alive to enjoy your company

Wow i love that my love

The night went by with just one break
because of stiffed shoulder blade. Are you allowed
to use skype? In any case mine is galerie9 - a sip
...

My priority is to get back home to my son, when i
retire from the Army. I also want to sell my house
and move to another place, to start life afresh
with both you and our children, my house
reminds me memories of my late husband, this is
why I haven't been able to move on

I hope to leave my past behind us and I think all I
need to do is to focus on the future because I
believe that the future is more important than the
past, do you think the same?

My darling, you know age does not matter in any
relationship, what matters is how the lovers care
love and trust each other, so i don't see any issue
with your age

Now my love: "to leave my past behind us
and I think all I need to do is to focus on the
future..." I've just one dream, being in love with at
least like this, share your life and maybe one day

to meet you in person should it be just for one day.

From now on I'll call you Pearl - the pearl - is it fine with you?

Margarete is a German feminine given name. It is derived from Ancient Greek margarites, meaning "the pearl". Margaret is a rich, classic name used for queens and saints.

my love, I really love the name you gave to me
I have found so much joy in our mutual communication and the time we spend to communicate is becoming the most important part of my day

So, my dear Pearl, my queen and saint, is 188cm enough? But 73 too much, right.

Yes My love, only God can save us here, I knew how many soldiers that was killed this week

Pearl, are you with the medics?

This week was very dangerous on us, we lost one soldier this week

So tell me, when you are in a relationship with a woman you are in love with, what do you seek

Love, respect, trust (Aufgehobenheit) and a gentle embrace any time possible. Feeling that the person loved, feels the emotions no words necessary and, and, and ...

In a relationship I seek for true and committed Love, total sincerity and never keeping secrets, mutual understanding and happy moments of always doing everything together So, it seems we don't lie so far apart with our perception of love... Love is like trust, when you find your special someone it is as if you're trusting them with your heart. Trust is what you put in someone's hands. Faith is what you hold on to.

I have an affinity to the US, I was married to a California girl und you, imposing as a GI, was...

Aria's more than twenty years long career has started around the front page of September 2000 issue of PENTHOUSE

EPILOG - a chat on Skype

Hello

I'm at the store buying stuff for my granny
I'll be here for another two hours

Okay what work do you do for a living

I'm retired but writing is my activity. "to write is to live"

Do you live alone and do you own your house
Are you caring?

Caring? About what? My kids for sure.

Are you ready for us to get married?
Can you do me a favour?
I need some little funds to get some groceries
please I promise to pay you back
Trust my words

Sorry Aria, let's stop right here. I've
expected something like that already from
Margarete. Sorry

Anyway, it was nice to have this exchange
with the famous erotic model from LA. It
certainly has enriched my final days

Let me get home so we can video chat

Facebook as well as in google chat.
See you...? Cheers

Thanks to your pics I found in „Google
lens” you're no Margarete Schneider but Aria
Giovanni. I've chatted with her on skype
yesterday... Are you just a bot or a troll in her
service?.

No, I wouldn't do that to you, sorry
(Missed call from Aria)

Aria, I do thank you for your lesson, you
must be a millionaire with all your activities. It
was a great cure for any kind of romancing, I call
it "Fool's Gold". Anyway, take good care "Pearl",
stay well and healthy. Have a nice day

*Margarete Schneider aka Aria Giovanni aka Cindy
Preto – a virtual love affair with a ...*
https://en.wikipedia.org/wiki/Aria_Giovanni

From Arias CV: She began modeling at the end of
1999, initially to pay for college. Around this time
she was accepted to University of California, San
Diego as a junior transfer student with a major in

biochemistry and a minor in English writing. However, she decided not to complete college... She starred in *Justine*, which was recommended by Ask-Men as one of nine porno-graphic movies that women can enjoy. Giovanni was Playboy's Model of the Day for June 6, 2007. Giovanni was included in Complex magazine's list of the 50 Prettiest Porn Stars of All Time...

Aber Aria lässt mich auf facebook nicht in Ruhe (sieben Monate später!), doch wahrscheinlich ist es ein Bot oder ein Imposter.

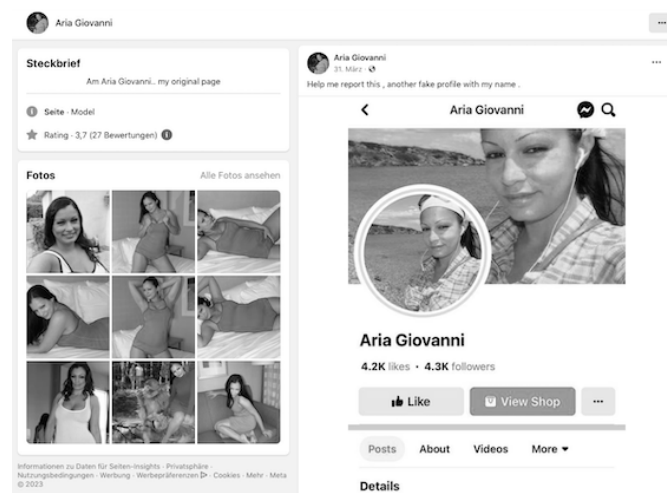

How are you doing?

Thank you, so, so? And you? You shouldn't waste your time with me, Margarete
You know I still love you and want the best for both of us

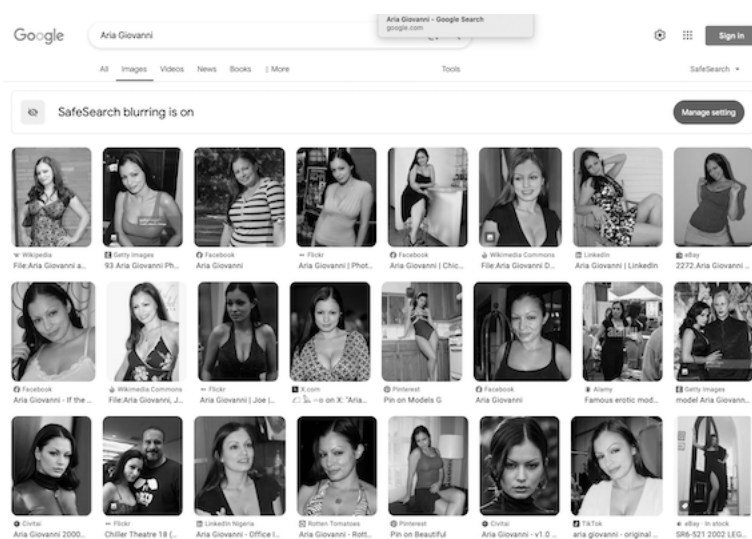

You cannot love a 74 years old Bohemian. Take care of yourself, it's nice to be just in touch with you. Well, as you can see love is not about age. it all depends on we two.

Mit den vielen Fotos im Netz werden fake accounts gegründet, Männer weltweit betrogen und erpresst, was teils zur Folge hat, dass die wahre Aria mit Klagen überhäuft wird und als ein "camgirl" am verlumpen ist.

"Help me to report this, another fake profile with my name."

November 2023: After those twenty more years of Aria's career as an erotic model, there is a real avalanche of her pictures and clips... Enjoy but beware!
